#### MEMORANDUM

TO:

Christine Oliver, Deputy Secretary, AHS

FROM:

Vicki Loner, Deputy Commissioner, DVHA

DATE:

February 15, 2012

RE:

Request to enter a sole-source Contract with Marietta Scholten, Contract # 21471

Duration: 03/05/12 – 03/04/13 Amount: \$8,645.00

DVHA seeks to enter into a sole-source agreement with Dr. Marietta Scholten to perform physician reviews for our Medicaid claims, as well as other consulting services as needed. This agreement was formerly Contract # 18935 and was set to be extended for 1 year as of February 14<sup>th</sup>. The contract recently expired during the routing process of the extension amendment draft before approval and signatures could be obtained, so we are starting over with a new agreement. Although it is a new contract, the agreement has an identical scope to the previous contract with added performance measures (intended for failed extension Amendment #1 to Contract #18935.)

We initially contracted with Dr. Scholten due to high volume of prior authorizations and reviews that existing DVHA staff struggled to keep up with. Dr. Scholten has been very helpful with serving these "overflow" cases in order to meet state and federal requirements for rendering decisions and responses in a specific timeframe. We have been very pleased with the quality of her work and the speed at which we assign a review and have it completed.

Performance measures are included in the agreement to ensure that we receive a decision on Medicaid reviews in accordance with State and Federal guidelines, and to ensure that the beneficiary receives a timely response to their claim or appeal. There dollars in the contract total represent what was remaining on her previous contract, #18935. We are confident we can enter into another year of service without exceeding this total.

DVHA's funding for this contract will be covered by the Global Commitment to Health Appropriations and complies with all mandatory provisions of AOA Bulletin 3.5.

DVHA looks forward to approval of this amendment.

# ATTACHMENT A SPECIFICATIONS OF WORK TO BE PERFORMED

### Specifications of Work to be Performed

The State has policies and procedures within its Clinical Operations Unit for Surveillance and Utilization Review activities. These activities are federally mandated for all State Medicaid Managed Care Organizations, as outlined in 42 CFR. The Contractor will provide consultative services on these activities, not to exceed three (3) hours per week, according to a mutually agreeable schedule as established by the Contractor, the State Clinical Operations Unit Director and the State Medical Director. Work will be performed at 312 Hurricane Lane in Williston, Vermont. The Contractor shall provide consultative services to the State for the following activities:

- 1. Contractor will support the prospective review, concurrent review and retrospective review processes, commonly referred to as utilization review. The utilization review process compares requests for medical services ("utilization") to treatment guidelines that are deemed appropriate for such services; Contractor's work includes the preparation of a recommendation based on that comparison. The process applies to emergent and non-emergent claims for both physicians and facilities. Examples include hysterectomies, bariatric surgery, MRI Scans, inpatient admissions and concurrent review of hospital stays, as well as procedures, medications and/or services that have recently been developed by the medical/scientific community but not yet commonly requested.
- 2. Contractor shall review specific requests for the procedures described above as assigned by the State's Clinical Operations Unit Director, and render a professional opinion regarding medical necessity using evidence-based literature when available, accepted local standards of care, and/or Contractor's expert medical opinion. Decisions regarding the medical necessity of requested procedures shall adhere to the definition of medical necessity found in Vermont Medicaid Rule 7103.
- 3. Contractor is expected to request and/or seek any additional clinical information necessary from the treating and/or referring physician in order to complete the reviews in a timely manner.
- 4. Contractor is expected to work in collaboration with the Medical Director regarding utilization management activities and with the Medicaid clinical staff including Quality Improvement, Chronic Care, Program Integrity, and Pharmacy to identify areas for concern in the utilization program.
- 5. When the State Medical Director is unavailable, Contractor shall review beneficiary appeals regarding requests for medical services that have previously been denied, and other duties as needed.
- 6. Contractor shall submit her medical opinion in a written report, in person or electronically, within five (5) days of receipt of the request to render a medical opinion.
- 7. When evidence-based national criteria for medical necessity are unavailable, Contractor shall research, recommend and/or review any clinical criteria that have been developed by the State. If necessary, contractor is expected to seek out subject matter experts for consultation.
- 8. Contractor shall keep a monthly record of all activities involved in fulfilling these responsibilities; including time spent reviewing cases or new clinical criteria. This record shall be submitted to the State at the end of each month.

Due to the Contractor's involvement with the Chronic Care Initiative, the Contractor maintains the right to recuse herself from a patient case that may be a conflict of interest.

#### Performance Measures

Per Activity #6 in the scope of work, in the event the Contractor fails to submit her medical opinion on a given review within 5 days, the Contractor's hourly rate for any hours worked on the appeal will be reduced, as specified in Section 4 of Attachment B. This reduced rate will only apply to hours expended on the review in question.

Such assessment shall not be made to the extent that the failure can be attributed to:

- Unforeseeable catastrophic events experienced at the Contractor local and corporate facilities,
- Unforeseeable catastrophic events experienced by State which has a material effect on the Contractor, or;
- Complying with any directions of the State or its employees regarding changes to the scope of work.

#### State Point of Contact

The State point of contact for oversight of Contractor activities is:

Vicki Loner Director of Health Services & Managed Care 312 Hurricane Lane, Suite 201 Williston, VT 05495 802-879-5905

Such assessment shall include: 1) the name of the person(s) making the assessment, 2) a brief summary of the facts, and 3) a brief statement of the reasons supporting the determination of low risk of harm.
